

Diocese of Wakefield GOD'S WORLD

From the Canon Missioner Tony Macpherson

To all those Completing their Transformational Plans

Transformational Plans Report Forms 1 and 2 Vision drives Priorities and Plans

A number of questions have occurred about the final form for presenting the plans. Parishes may present the narrative of their plan in any form they wish but a summary sheet would be invaluable both in condensing and clarifying ideas and presenting them to the Bishop.

I recently came across the attached diagram, which I have adapted from the Diocese of Blackburn, showing the way in which our Transformational Plans are empowered by a common vision of Gods purpose for us distilled into, in our case the five, priority areas each of which has a goal and planned actions to achieve that goal. I have included five planned actions but the number may be less. This diagram has been converted into a possible report sheet [Report form 2]

This way of setting out the plan might be found by some parishes to be a helpful alternative to the planning sheet in the Transformational Planning booklet [Report form 1]

As with all the material these forms are available on the diocesan web site as Report Form 1 and Report Form 2
