

TRANSFORMING LIVES TRANSFORMING COMMUNITIES

Resources for Children & Young People

Every parish which orders any Transforming Lives study material will also receive a copy of the Children and Young People's Resource Pack.

This pack provides five sessions linked to the readings in the adult study material, together with additional material for Mothering Sunday and Good Friday. The material is split into different age groups however it can also be used across the age ranges with minimal adaptation.

For parishes who wish to have extra copies of the pack, or who haven't ordered any other material, the Children and Young People's Resource pack will be available to download from the Diocesan Website, see www.wakefield.anglican.org/transforminglives or by contacting Ann Hall at Church House.

If you have any questions about the resources for children and young people, please contact the Children and Youth Team at Church House.

Ready Made Collective Worship!

Acts of Collective Worship have been devised as one off stand alone deliveries or as 5 weekly inputs during Lent.

There are separate packages for Key Stage One and Key Stage Two and each relates to the weekly gospel reading. They are primarily designed for busy clergy (or their representatives) to take into schools with the minimum of preparation. They can be used in their entirety or simply as ideas for personal adaptation. **Because these are big packages, they will only be available for those who request them**

There will also be a Mothering Sunday Pack and a Palm Sunday Pack to use as extras or alternatives.

The material will be available to download from www.wakefield.anglican.org/transforminglives . For further information please contact Gill Johnson at Church House or email gill.johnson@wakefield.anglican.org
